

A Christmas Letter 2007 from Shayne & Michelle

This is our first Christmas Newsletter since 2005. It's been a very busy couple of years for us. Since our last Christmas Newsletter we have purchased our first home together which is about 10 miles Southeast of Nashville. It's on a pretty busy road but it's a safe neighborhood and we enjoy spending time building fires in the fire pit in the large fenced in backyard. We entertain as often as we can.

We took a vacation to Paris where we enjoyed as many sites as we could fit in the week that we were there. We visited Notre

Dame, Claude Monet's home and gardens, and went to dinner and a show at the Moulin Rouge just to

name a few things. We stayed at the Paris Hilton and had a gorgeous view of the Eiffel Tower from our window.

In November of '06 we rescued a dog named Jack from the Nashville Humane Association. He is a very loving and intelligent dog but he sometimes finds his way out of our backyard fence.

We finally talked Matthew into moving here and away from those Yankees up north. It's nice having some family close.

In July of this year Michelle attended a National Director's Conference for La Petite in Reno Nevada. While attending the conference Michelle was awarded the Best EBITDAR Growth Award for the Southeast Division and the Diamond Director award. She took some beautiful pictures of Lake Tahoe while there as well.

Mom, Dad, and Chad were able to come up to Nashville to visit us for Thanksgiving this year. Kaytlyn and Noah came up and stayed with Matthew. While they were here we went to Ice at the Opryland Hotel.

And last but not least we finally pulled the trigger on a "real" website. It actually has its own unique name and web space all in one central location. Our new website is Jellyfoot.net. We will be glad for you to stop by and take a look. Hopefully this will help keep us connected to everyone.

Wishing each of you a Merry Christmas and many
bountiful blessings for the
New Year. God bless!

Shayne & Michelle
